

## TRUSTED PROFESSIONALS

Decades of experience evaluating the needs of aircraft owners and buyers results in the delivery of the most efficient and effective solutions provided by a trusted aviation advisor. Whether you are considering the sale or acquisition of an aircraft, or weighing options for aircraft modifications, upgrades and refurbishments, the advisors at Pentastar Aviation will assess all of your options and provide you with a detailed recommendation on how to proceed. With expertise on a wide range of aircraft performance, operations and maintenance, rest assured you will be provided everything you need to make a well-informed decision.

In addition, once you choose the option that is best for you, a Pentastar aviation advisor can serve as your representative to ensure your best interests remain at the forefront throughout the entire process.

### Aircraft Selection

Choosing an aircraft best suited to you and your mission profile is crucial. We will provide you with a comprehensive analysis and comparison of aircraft that best suit your unique profile.

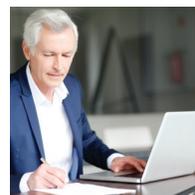

### Operational and Maintenance Budget Projections

It's important to know any additional costs associated with the operation of an aircraft. With over 50 years of experience, we have the expertise to provide projections on scheduled maintenance events and operations based on your mission profile so that there are no surprises.

### Technical Evaluations

Reviewing records, condition and equipment prior to purchase of an aircraft is essential. We will conduct an in-depth study of the aircraft manufacturer manuals, gather experience from other operators and provide you a comprehensive performance and characteristic analysis of the aircraft you are considering. This will allow you to make a well-informed decision.

### Management Program Evaluation

Other companies try to fit you into their products, but we tailor solutions. We will conduct an extensive analysis of your needs to ensure your aircraft management program only includes the support items you desire to run your program successfully.

### Valuation Estimates

An appraisal may be needed for aircraft insurance, investment purposes or other financial reasons. With a Professional Aircraft Appraisal Organization (PAAO) Senior Certified Aircraft Appraiser on staff, you can be assured a credible and reliable opinion of value.

### Refurbishment Planning & Oversight

Our trusted aviation advisors are experts in assisting with refurbishment planning. They will be with you every step of the way to ensure project milestones are met and unnecessary changes are not made that cause additional expense and downtime for your aircraft.

### Connections

As an International Aircraft Dealers Association (IADA) member we have connections to multiple aircraft financiers, lessors, and aviation legal and tax experts who all abide by a strict code of ethics.

*Long standing member of the most respected associations in our industry with strict codes of ethics that are rigorously adhered to and guide our business practices.*
