Aircraft Management

## COMPREHENSIVE MANAGEMENT

Pentastar Aviation® offers a comprehensive aircraft management program that combines experience, safety and reliability to provide a solution customized to your individual aviation needs. You'll realize all the advantages of having your own in-house flight department without the responsibility or overhead.

At Pentastar Aviation, expertise stems from more than 50 years of experience managing all types of aircraft domestically and internationally. This proven expertise allows Pentastar to deliver a virtually effortless aviation experience and one that is beyond compare.

### Part 91 Aircraft Management

Pentastar Aviation's Part 91 aircraft management program is tailored to your specific aircraft and operational mission requirements. Pentastar's extensive global operations experience allows you to capitalize on a worldwide selection of locations to serve as your base of operation.

You'll enjoy access to the following:

- 24/7 flight operations to allow flexibility in scheduling flights at your convenience
- FAA-licensed flight followers who excel at coordinating all aspects of your flight planning and scheduling
- Leveraged discounts on parts, services and insurance through Pentastar Aviation's extensive vendor network
- Maintenance planning and management focused on minimal downtime
- Comprehensive crew management and training
- Reporting customized to your needs

### Part 135 Charter Management

The Pentastar Aviation Charter, Inc. (PACI) Part 135 Charter Management Program is the perfect option for maximizing the value of your aircraft. Utilizing the expertise and support of the sales and marketing team, your aircraft – when, not in use by you – can be offered to applicable customers for charter. Adding your aircraft to PACI's charter certificate will allow you to generate revenue to offset the costs of operation as well as sometimes yielding tax benefits. You will always have the final approval on whether or not you want to make your aircraft available to PACI for any flight.

The Charter Management Program includes:

- Full-time staff of experienced charter sales representatives working on your behalf 24/7
- Robust marketing programs focused on revenue generation for your aircraft
- Access to Pentastar Aviation's extensive network of retail and wholesale contacts
- Inclusion in charter special promotions
- Assistance with maintenance and crew management
